

06/07/2026

Dear Resident / Business / Neighbour to the Lawnswood Roundabout,

Lawnswood Roundabout Scheme – Update

Welcome to our latest weekly update for the Lawnswood Roundabout scheme.

In area 9C (outside Weetwood Hall) the road crossing points have been installed to allow power installation. Sewer connection works are commencing in this area. See below image taken in June of this area.

In phase 4 (outside Lawnswood School) the dished drainage channel behind the kerbing has been completed. Signal pole installation is ongoing in this area, along with pathway edging works. Aerial picture below.

In Phase 7 (by the Police station / sub-station) the temporary traffic lights (crossing point) have been moved so that works on the footpath can commence.

In phase 6 we are continuing works on the footway.

Please see overleaf for an indication of the phasing areas.

Lane closures

We advised of necessary lane closures, starting today 6th July. During these works we expect there will be increased journey times, and we apologise for inconvenience caused during the closures. If you experience any specific issues during the works, please let us know at:

LawnswoodEnquiries@ericwright.co.uk

Upcoming night works – advance notice reminder

The programme for the night works during August and September will be shared as soon as it is confirmed.

Safety and thank you

We are pleased to report that the project continues to run according to programme at present.

We know that the lane closures and upcoming night closures may have a significant impact on those who travel through and / or live by Lawnswood roundabout, and we are aware that frustration may increase as we work towards the end of the project, when the most disruption usually takes place.

Thank you to everyone who continues to slow down to accommodate the works, and we are grateful to everyone who respects the need for safety and consideration of other roundabout traffic, pedestrians, wheeled users, and our own site team.

Feedback

As ever, we continue to welcome feedback which allows us to work closely with you during the project. You can contact us at any time at LawnswoodEnquiries@ericwright.co.uk

Further information about the scheme can be found here:
